

TRANSITION UPDATES

Internship students, Melissa, Juan, Aidan and Daisy (not pictured) went to Warren Tech to learn all about how to change their own oil! Aidan used all his strength to try to get the oil filter off and when he couldn't do it, our trainer and Red Rocks Community College student, Manny used every tool he could think of and it STILL wouldn't budge! Then, Juan changed the oil and Melissa started the car to make sure everything was good to go! When we finished, we stopped by the gas station to learn how to fill up and pay for gas in a car.
